

20th Anniversary Edition

Who's Your Recruiter? This has been the tagline for Fusco Personnel, Inc. since its establishment in 1994. On May 1, the award-winning organization joyfully celebrated their 20 year anniversary.

Patty Fusco, "our fearless leader" as she's known around the office, started the company in hopes of fulfilling her life-long dream of owning her own business while at the same time being able to surround herself with family. A supportive husband, three children and a few hairstyles later, that dream is now a reality.

After investing their entire life savings, Fusco sales had reached over \$1 million within their first year. Today, that amount has tripled and continues to grow along with the company's reputation.

"When you have the opportunity to work with Patricia and her company you get expert advice combined with the highest integrity. Her organization is truly representative of her personal values and she is a very hands-on President / CEO. Fusco Personnel delivers a quality service time after time and is truly customer focused. It is easy to highly recommend Fusco Personnel."

- Norman, Senior Program Manager

"I highly recommend Fusco Personnel. Patty Fusco and her team are clearly leaders in their industry, especially within the Capital Region. They are expertly skilled, professional and community minded. Their client needs are always a priority!"

- Sarah, Chief Development Officer

Dedication, commitment, teamwork: all characteristics which have brought Fusco Personnel to where they are today. With a seemingly unstoppable woman leading the way and a team of highly experienced professionals to back her up, it's no wonder that Fusco Personnel is one of the leading recruiting firms in the Capital Region.

A SPECIAL THANKS FROM THE FUSCO TEAM:

Thank you to our respected clients, our talented pool of candidates and everyone else who has helped make this milestone the honor that it is. We are grateful for the opportunity to serve our Capital District and its citizens. Here's to 20 more years of hard work and dedication to the business and the people we love. Cheers!
